3. VISA REQUIREMENTS

3. Representatives of UNCTAD member States are strongly advised to apply for visas for entry into Thailand from Royal Thai Embassies/Consulates-General in their respective countries. In countries where there is no Thai representation, representatives will be granted special visa exemption at the point of entry subject to prior credential notification to the UNCTAD secretariat and the Ministry of Foreign Affairs of Thailand.

4. HEALTH REQUIREMENTS

4. No international immunization certificate is needed when entering Thailand. The only inoculation requirement is a yellow fever vaccination certificate for travellers entering Thailand within six days of leaving an infected country. Visitors who travel through or disembark in these areas are advised to be inoculated against the disease before entering Thailand. The regulations of the Ministry of Public Health require those travelling from or through the countries listed below to provide an *International Health Certificate* showing *yellow fever* vaccination. Nationals of the countries listed below who have not travelled from/through those countries must possess concrete evidence showing that their domicile is not in an infected area in order to prevent undue inconvenience. The countries/territories, which are yellow fever infected areas are the following:

Angola	Côte d'Ivoire	Kenya	Somalia
Benin	Congo	Liberia	Sudan
Bolivia	Ecuador	Mali	Suriname
Brazil	Equatorial Guinea	Mauritania	Togo
Burkina Faso	Ethiopia	Niger	Uganda
Burundi	French Guyana	Panama	United Republic of Tanzania
Cameroon	Gabon	Peru	Rwanda
Central African Republic	Gambia	Nigeria	Venezuela
Chad	Ghana	Sao Tomé and Principe	
Colombia	Guinea	Senegal	
Congo	Guinea-Bissau	Sierra Leone	
	Guyana		

5. The International Health Certificate must be submitted together with visa application forms, as appropriate.

5. CLIMATE AND CLOTHING

6. Thailand enjoys a tropical climate with three distinct seasons – summer from March through May, a rainy season with plenty of sunshine from June to September, and cool weather from October through February. The average temperature during the period of the meeting is 35° C (95° F). Light, loose cotton clothing is best.

6. VOLTAGE

7. The electricity voltage in Thailand is 220 volts AC throughout the country. There are many kinds of plugs and sockets in use. Travellers with shavers, tape recorders and other appliances should carry a plug-adapter kit. Many hotels will make available 110 volt transformers.

7. PERSONAL EFFECTS AND OTHER ARTICLES

8. Delegates may bring all personal effects into Thailand without paying custom duties. Personal effects are understood to include clothing, footwear, personal hygiene items, camera, video camera, laptop or notebook computer, and basic office materials, if required.

8. CURRENCY

9. The monetary unit is the Thai baht (with the international symbol "Bht"). Bank notes are issued in denominations of Bht 10, 20, 50, 100, 500 and 1,000. Most major credit cards are accepted, as well as travellers' cheques in the principal currencies. Travellers' cheques and foreign currency notes of all major currencies can be exchanged at any commercial bank. Most hotels have exchange facilities for their guests. There are also banking facilities available at the UNCC-ESCAP.

9. HOTEL ACCOMMODATION

10. Accommodation at special rates is being made available to Mid-term Review delegates at recommended hotels in the area surrounding the UNCC-ESCAP. A list of hotels with special rates for Mid-term Review participants is attached to this document. It is strongly recommended that accommodation be booked as early as possible.

10. ARRIVAL IN THAILAND

11. Upon arrival at Bangkok International Airport, delegates should make travel arrangements with their hotels or with the Airport Limousine Service.

12. Ground personnel at the airport will facilitate the reception of delegates on arrival and departure. The National Committee for the Mid-term Review will designate a special area at Bangkok International Airport to receive and assist delegates with immigration and custom formalities.

11. LOCAL TRANSPORTATION

13. Hotels in the recommended list will provide daily shuttle service for commuting between the United Nations Conference Centre and the hotels, if there is a sufficient number of guests. Information on the timetable of this service will be available at the hotels. Information on local public transport may be obtained at the hotel reception desks.

14. In addition to public transport facilities, participants may avail themselves of city taxis, private cars with or without driver, vans and buses available for hire.

15. Delegates are encouraged to use registered taxis in Bangkok, all of which are metered.

12. FIRST AID AND MEDICAL EMERGENCY

16. An on-site clinic will provide all first aid facilities at the United Nations Conference Centre. Ambulance services will be available on call. All costs incurred at hospitals or for other medical care will be at each delegate's own expense.

17. All modern medical services are available in Thailand. Delegates are advised to secure medical coverage through their medical insurance before arrival. Delegates are advised to bring their own supplies of any specialized medication which they may require. Essential medicine can be purchased at pharmacies.

13. TRAVEL SERVICES

18. Offices of the tourist and air travel agencies located within the United Nations Conference Centre will assist delegates in making arrangements for local and international travel, and also for tours in Thailand. The Thai Government has designated Thai Airways International as the official carrier for the Mid-term Review. It is strongly recommended that pre-and post-conference tours be booked well in advance to ensure availability.
